

YEAR 11 ONLINE  
**COLLEGE  
EXPERIENCE**

9AM MON 9<sup>TH</sup> - 5PM FRI 13<sup>TH</sup> NOVEMBER 2020

# WHAT IS COLLEGE EXPERIENCE?

Under normal circumstances, we would invite you into the College to have a look around and take part in a number of taster sessions to get a feel for what life at New College will be like. We don't want you to miss out, so this year we're taking this event virtual! You'll still have the chance to take part in interactive taster sessions to get a better understanding of the subjects that you're interested and who might be teaching you.

We are offering sessions for our academic and vocational courses across both our Queens Drive and North Star (formerly Swindon College) campuses.

Online College Experience will be running all week – making it easy for you to pick-up one or more of the taster sessions on a day/time that works best for you.

# WHY TAKE PART IN COLLEGE EXPERIENCE?

There will be chances to join us at open events – but College Experience will give you an idea of what teaching and learning will be like here. You will also be getting direct experience of an online learning platform that our students use at college.

For us, College is not just about getting you through a set of exams. It's about providing you with the tools, experiences, qualifications and confidence that will allow you to be successful in the real world, now and in the future.

# HOW TO SIGN-UP

Visit [newcollege.ac.uk](https://newcollege.ac.uk), click on the banner ad, choose your sessions and complete your booking form online.

**It is vital you pre-register as you will receive a personalised login, allowing you to access the sessions and additional resources.**
