

In response to requests we have received from schools and to support your Year 11 students we are happy to include below links to our Applicant Welcome Activities. Please feel free to make these available to all your Year 11s (they don't need to have applied to access them).

Our expert lecturers have created a range of activities, resources and tools within the different subject areas available at both colleges. We hope these will help prepare applicants for joining us in September. All applicants have already been provided with this information and are now accessing the welcome activities which will be regularly updated by our academic colleagues.

The links for the welcome activities are -

<https://www.andover.ac.uk/applicant-welcome-activities/>

<https://www.sparsholt.ac.uk/applicant-welcome-activities/>

Also, just a reminder that it is business as usual for applying to Andover College or Sparsholt College as all our teams are working remotely. Applications can be submitted through the links below:

<https://www.andover.ac.uk/apply/>

<https://www.sparsholt.ac.uk/information/apply/>

Please could you distribute the information and links in this email to your Year 11 students and their parents and supporters. If you require any further help with anything please do let me know.

**Regards**

**Phil Allen**  
**Schools Liaison & Outreach Co-ordinator**
