• Apprenticeships in the Royal Signals

The Royal Signals are at the forefront of everything that the Army does, in conflict and in peace. Whether fighting to set up complex computer and radio networks under fire or enabling communications for humanitarian missions, soldiers are dynamic, flexible and able to use their initiative to meet any challenge. They ensure the Army's lines of communication are working effectively and free from security breaches.

For young people interested in applying for an apprenticeship with the Royal Signals and their parents and carers: join their webinar on 18th June at 3.30pm to learn more about the range of apprenticeship opportunities available within the Royal Signals and to hear from inspiring Soldiers about their career journey, what their apprenticeships involve and why they chose an apprenticeship with the Army.
